

We are honored that you chose to participate in this important program. In order to assure the highest possible integrity for the program and to insure optimal patient safety, participants/instructors are required to complete and return the following forms before the beginning of the course.

For a patient treatment course, all participants **who will be involved in actual patient treatment** must supply certain documentation prior to start of course:

1. This form (also known as the Participant Form) signed
2. Authorization form for Marketing, Fundraising, Publications
3. The Hipaa certificate and Signed Confidentiality Statement
4. A copy of your current hygiene license
5. A copy of your current CPR license

ALL participants/instructors must complete two other required items that pertain to HIPAA before the course. We have included 3 web links below and a description of what they are.

HIPAA and Confidentiality Statement Links

HIPAA instructions and exam– Click on the links
