</tr>
<tr>
<td>Requests</td>
<td>Mediasite Recordings – 24hr. Turn Around Time</td>
<td>Dr. Sposetti reported a few faculty and students have asked if the Mediasite recordings could be made available sooner than the Best Practices recommended 48 hours. Gail noted some faculty are repurposing some of their recordings into online and blended courses, so archived recordings will be accessible at the request of the instructor who gave the lecture. The DMD/MPH agreement identifies 12 credits of dental courses to be credited toward the MPH degree. Students can apply to this program while in dental school but may not retroactively after graduating with their DMD. Statement 6 in the agreement seemed to be contradictory as to when students would be awarded their degrees.</td>
<td><strong>Motion:</strong> The Curriculum Committee accepts the new version of the Mediasite Guidelines document. (Clark/Sposetti) <strong>Approved.</strong> The document will go to the FAB committee.</td>
<td></td>

<tr>
<td>Communication</td>
<td>DEN 5221 – New Course Director Committee Charge</td>
<td>Dr. Virgina Dodd is the new course director for DEN 5221. The charge has been sent to the Dean and the committee is awaiting its return.</td>
<td>Information Item.</td>
<td></td>
</tr>
<tr>
<td><strong>Curriculum Management</strong></td>
<td><strong>DEN 6415C Debriefing</strong></td>
<td>Dr. El-Kerdani was not present at this Curriculum Committee meeting and asked if this could be held over to the next meeting on Aug. 26, 2013. The most significant recommendation in the debriefing was to split the class in half for the radiographic labs. Half would take the lab at one time and the second at another time. It’s unclear if extra time would be needed for this.</td>
<td>Placed on next meeting’s, Aug. 26, 2013, agenda.</td>
<td><strong>Motion</strong>: The Curriculum Committee supports the recommendations that have been made, and approve of dividing the lab sessions to find a solution. (Harrison/Clark) <strong>Approved</strong>. Gail will work with Dr. U. Nair and IT to see if the process can be speed up using student laptops.</td>

<tr>
<td><strong>Old Business</strong></td>
<td><strong>Elect Vice Chair</strong></td>
<td>Dr. Sharon Cooper has been nominated and accepted the nomination as the Curriculum Committee Vice Chair for 2013-2014. Gail reported all the departments have been met with to review the competency process. The next phase, phase II, is to ask each department to certify the competency report on ECO is accurate and to list the assessments and where they are confirmed in the department. Dr. Sposetti presented the findings from a survey conducted about the best meeting times for the Curriculum Committee.</td>
<td><strong>Motion</strong>: Dr. Cooper to assume the role of Vice Chair for 2013-2014. <strong>Approved</strong>.</td>
<td><strong>Motion</strong>: The committee will now meet on Thursday evenings from 5:15-6:30pm. (Janiec/Cooper). <strong>Approved</strong>. Christina will compose two schedules, one for the second and fourth Thursday’s and one for the first and third Thursday’s for the 2013-2014 year, and it will be presented to the committee at the next meeting.</td>

<tr>
<td><strong>Old Business</strong></td>
<td><strong>Best Practices on Posting Documents</strong></td>
<td>Gail noted the Best Practices Guide has been updated in accordance with the Curriculum Committee’s approval from July 22, 2013, meeting. It is posted on the Instructional Support web page along with an instructional video.</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>New Business</strong></td>
<td><strong>ExamSoft</strong></td>
<td>Our current exam system, XAM, has been in place since 2002. Due to the minimal support and on recommendation by Academic Health Center, the College of Dentistry was advised to migrate from XAM. Gail indicated that an ExamSoft pilot will take place Fall 2013 by giving semester 1 course directors the option of using ExamSoft or XAM softwares. Cost for the pilot would be covered by instrument licensing and not be charged to the students.</td>
<td><strong>Motion</strong>: The committee supports the ExamSoft pilot for Fall 2013, semester 1 course directors and requested an evaluation report after Fall 2013 is complete. (Clark/Lense) <strong>Approved</strong>.</td>
<td></td>
